

TOOWOOMBA STATISTICAL DISTRICT PLANNING & INFRASTRUCTURE STUDY

CATEGORY	Urban Research & Studies
PROJECT	Toowoomba Statistical District Planning & Infrastructure Study
CLIENT	Queensland Office of Urban Management
LOCATION	Toowoomba, Crows Nest, Rosalie, Jondaryan and Cambooya Local Government (pre-2008 amalgamation) Areas
PROJECT YEAR	2008

PRECINCT'S ROLE

Precinct Urban Planning was engaged by the Queensland Office of Urban Management to undertake the preparation of the Toowoomba Statistical District Planning & Infrastructure Study. The study examined the town planning, land use, growth management and infrastructure issues relevant to the future growth and development of the Toowoomba City Statistical District. The purpose of the study was to assess the land use and infrastructure issues relevant to the expansion of the South East Queensland Regional Plan 2008-2031.

KEY TASKS

- Planning Research
- Provision of Strategic Land Use and Infrastructure Planning Advice
- Urban Growth Scenario Identification and Evaluation
- Project Management and coordination of specialists' input
