

BOOMAROO NURSERIES INTENSIVE HORTICULTURAL FACILITY

CATEGORY	Rural
PROJECT	Intensive Horticultural Facility
CLIENT	Boomaroo Nurseries
LOCATION	Southbrook
PROJECT YEAR	2017

PRECINCT'S ROLE

Precinct Urban Planning was engaged by Boomaroo Nurseries to provide town planning assistance associated with the establishment of an intensive horticultural facility at Southbrook. The proposal involved the establishment of a greenhouse, head house, office, tray shed, storage shed and various infrastructure associated with the intensive horticultural operations of Boomaroo Nurseries. The nursery facility was designed to ensure best practice environmental management in order to prevent any adverse impacts on the receiving environment.

KEY TASKS

- Provision of Strategic and Statutory Planning Advice
- Development Application Preparation
